

Second Conference of YADC, more step for boosting up young people

The question necessary each foundation direct itself, what to want, where to go and step? YADC within its establishment, in the late of 2001 until now the time of the second conference, YADC has passed loads of phaAses, obstacles carrying out enormous activities, bringing up activist, professional skilful young people in all aspects relevant to youths. Implanting bravery, will power, giving more bright meaning of young hood, embracing for all the youths, the tradition of accepting one another, having an open mind ness to young people. In the new phase of the center and having a second conference, we want conference to be a means to revise, prepare to a future, touching the shortcomings and promoting the abilities and resolving the barriers. We want our offices a house bringing up, strengthening their abilities, giving them confidence, preparing a suitable environment in different aspects. YADC suggest that conference be a golden opportunity entering a new step in the different aspects, education, culture, boosting up, exercise, revision, a brave young to provide and produce a new and peaceful world.

YADC in Sulaimani started a course about information from June 31, 2007 to June 19, 2007 to youths in the area and many proficient teachers taught lectures. And the subjects were about information during globalization, principles of journalism, the history of Kurdish journalism and its stages, interview, prepared news, the rule of journalism, information in a time of elections and psychology & information. Ending with the evaluation form. YADC arranged a seminar to (Mr. Omar Hama Rahim)and it was about (the psychological problems of youth between obstacle and solution). **Group of books' friends held two seminars to (Mr. Dara A. Abdula) about (the right & obligation of youth) and (Miss Begard Ali)** about (the will of young people) later they participants was sharing in it seriously. Noteworthy this group established a year ago and their members more than 40 girls. They try to gain their rights and create a new generation for future in order to make a real and brilliant life to all. In addition, it always has a seminar every weeks and a forum every Thursdays evening.
